

FISH!
For Schools

Welcome back to the reason
you became an educator

**BUILD A GREAT SCHOOL CULTURE...with
FISH! FOR SCHOOLS™**

A great school culture isn't something you pay attention to after the learning has taken place. It's a foundation that makes learning possible.

FISH! For Schools will help you build a great school culture – or strengthen the culture you already have.

FISH! For Schools is a powerful curriculum, designed by educators for educators.

It combines research-based, staff development materials, innovative classroom exercises and live learning experiences tailored to the needs of K-12 leaders, teachers, support staff and students.

FISH! For Schools blends the four practices of the FISH! Philosophy™ - **Play, Make Their Day, Be There, Choose Your Attitude** – with research and best practices in social and emotional learning, character education, classroom management and human behaviour.

The result? Classrooms where it's cool to be respectful, where students are fully present for learning and for each other, where everyone has fun in a way that adds to the excitement of learning rather than taking away from it.

FISH! For Schools helps educators build:

- development of the “whole student” as an engaged learner
- positive classroom management
- personal responsibility and internal motivation for staff and students
- a safe and playful learning community
- respect for diversity
- conflict resolution skills
- rewarding relationships

**FISH! For Schools
will inspire students to
want to learn, and
reinvigorate staff who
went into education to make
a positive difference for kids.**

FISH! FOR SCHOOLS WORKSHOPS

A **FISH! For Schools Workshop** will re-energize you and give you the tools to create a culture that makes learning easier and more effective. Build a place where students treat peers and adults with respect, and have fun in a way that adds to the excitement of learning, rather than take away from it. It is about creating a place your students – and YOU! – look forward to coming to every day.

Our **FISH! For Schools Workshop** will:

- Nurture a productive, joyful learning environment
- Build more effective relationships with students
- Develop clear behavioural expectations shared and owned by everyone
- Create a place where it is safe to be yourself, and safe to take chances with learning

Let the Learning Begin

Carl Jung once observed that we feel appreciation for the brilliant teachers that guided our lives but feel gratitude “to those who touched our human feeling.” Our FISH! For Schools Guided Journey Workshop will help today’s educators become the type of leaders students treasure and positively transform schools inside and out.

Open the door to
the school and classroom you
desire, one that reflects your
dedicated spirit and exemplifies
the reason you became an
educator in the first place.

Build relationships that matter.

TEACHER TOOLS

Classroom Experience Kits

Provide interactive experiences designed to help build a more respectful, focused and fun learning environment. Each Classroom Experience comes with a guide; Student FISH!, a video to help students transfer the lessons of the original FISH! film to their own lives; situation cards that give students the chance to practice what they've learned; a CD with pdfs for reproducible materials; and posters to reinforce the four FISH! practices. Available in grade levels K-2, 3-5, 6-8, 9-12.

Purchase \$245 each:

- *Grades K-2: Learn about responsibility and making choices through storytelling puppetry, dramatic play, art and music. Kit also includes a "Pete the Perch" puppet.*
- *Grades 3-5: Transform class culture through inquiry-based methods that reinforce the joy of discovery and support positive social interaction.*
- *Grades 6-8: Build leadership skills through a focus on improving school culture and utilizing effective learning practices.*
- *Grades 9-12: Designed for home room, first period or advisory, students engage in constructive activities and conversations that focus on their current and future roles in society.*

FISH! Guided Journey K-12 (DVD and Workbook)

The Guided Journey is a staff development course that helps you build more effective relationships. It combines the practical wisdom of The FISH! Philosophy with sound educational research. The Guided Journey includes 10 units. Each unit starts with a short video featuring educators who use The FISH! Philosophy to meet the same challenges you face daily. Each unit also provides strategies to turn intentions into action. Whether you are introducing FISH! or renewing your commitment, *The Guided Journey* helps staff internalize the philosophy into their daily actions and attitudes. Great for monthly faculty meetings, workshops or study groups. It builds unity, giving staff the opportunity to learn from and support each other.

Purchase \$499

Depending on the size of your staff, you can launch FISH! in your school and get an entire year of staff development for just \$20 to \$30 per faculty member.

Schools of FISH! Book

Based on the renowned The FISH! Philosophy and FISH! For Schools, *Schools of FISH!* is full of transforming stories – from teachers to administrators, at all levels – addressing the very issues you deal with every day.

Customer Testimonials:

"They capture the spirit of our character education initiative with their focus on respect, responsibility, empathy and optimism: and the clips of school life are realistic and relevant, and will connect with both students and staff.

Congratulations for the production of this wonderful resource - we will be making good use of it!"

- Loraine Gruzuk,

*Character Education Coordinator/Elementary Principal
Simcoe Contry Board of Education*
